Cinema For All has made a really  
big difference to us starting up.  
We're really happy with the  
support we've received.'

Reaching  
Communities  
Project

Cinema For All is the national  
support and development  
organisation for volunteer-led  
cinema in the UK. For 70 years, we  
have been helping communities bring  
film to audiences where they live.

2015-16 was one of most effective  
years yet, with more groups than  
ever being supported by our  
work in communities all  
across the country.
